CLASSIC BREAKFRONT BOOKCASE WIDE

Model: BBC

Classic Breakfront Bookcase wide.

Classic Chairs has adapted an impressive Regency period bookcase, originally made by the English firm Gillows of Lancaster.

The breakfront bookcase is offered in many variations, including of size and configuration, and also of detailing.

For instance, a smaller version is available using just the central section without the two flanking side sections.

All sizes can also be provided without the upper shelves. The lower sections are ideal for use as buffets or side cabinets, as well as simply as lower bookshelves with useful top surface area.

In addition, all versions are available with or without doors.

Where doors are required, the panels in the doors can be supplied in many variations.

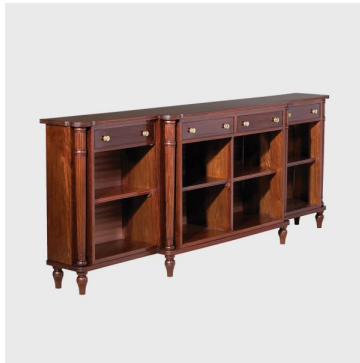

The Classic Chair Company

For example, either in the polished finish as standard, or you may choose to have them glazed. Furthermore, yet another option is with brass "fishtail" grilles. These can be overlaid on fabric or decorative paper panels, or on glass.

The Classic Breakfront Bookcase wide is ideal for both traditional interiors and libraries, and also perfect for office suites and meeting rooms.

Dimensions (mm): w 2250 d 500 h 2200
