CLASSIC 'TRIANON' VIDE POCHE

Classic 'Trianon' Vide Poche

Model code TA-158

A "*vide poche*," (French for "empty pockets"), is something many of you may already have at home—it's essentially a bowl or container near the door that you empty your pockets into when you get home, or a place you stash your keys, office access badge, spare change, mobile phone, earbuds, and so in your office or study or bedroom.

This stylish and useful little accessory is copied from a 19th century French example. The top has a shallow oval dish, and also has a lockable space below. The columns have beautifully detailed brass turned capitals and bases, with a palm leaf design.
