MONACO FONTAINE ROUND TABLE

Monaco Fontaine round table.

Model: TA MNC 370

A small and useful side table, with a very striking top of Santos Rosewood.

Not only is the veneer itself striking, but it is also quartered on the top creating a wonderful starburst pattern.

Santos comes from South America and is one of the world's most loved and prized veneers. It ranges in colour from chocolate-brown to purple-black with a cream colored sapwood — all very saturated with a vivid contrast. It has a lively variegated stripe and occasional bee's wing figure.

The gracefully curving supports and shaped base have been ebonised. Finally, the whole is beautifully finished with a high-gloss piano polish.

Dimensions (mm): Dia. 600 h 690
