### **CLASSIC GAINSBOROUGH SIDE CHAIR**

*The Classic Gainsborough Side Chair*

This ever popular design is an exact replica of an English Georgian period original, which was marked with the date of 1767.

Classic Chair's master cabinet makers have copied the same very generous proportions. The same care and attention is given to the subtle detailing, although produced over 250 years later.

The Classic Gainsborough lends a richness to a domestic interior as an extremely comfortable dining chair. It is equally suited to commercial use as a boardroom chair, for example, or a superior desk chair.

Another popular choice is for a library, study or chambers.

It is also available with a number of variations: a higher back, or on a castor base to make a swivelling working or desk chair.

Classic Gainsborough Side Chair: Model : CH-1767

Fabric Required: 2.5 m + pattern repeat, + optional 0.5 m for contrast piping. Alternative finishing 2 m

The Classic Chair Company  
gimp or braid, or close nailing as shown.
