CLASSIC DEEP BUTTONED LEATHER OTTOMAN

This very useful ottoman can be custom made in any size to order. Usually the Ottoman is covered with vegetable tanned full hide leather for durability but can be covered in any fabric of your choice. The show wood, Terminalia alata, has a beautiful striated grain finish. It is finished with specially made solid brass jumbo castors. The two rows of bronzed studs add a very decorative detail. Frequently used as a coffee table in front of a sofa, the Classic Chairs Ottoman is suitable for classic or contemporary interiors.

Model : CH-KMY-DB

Dimensions (cm) : w120 d80 h45
