BLACK CANDLE LAMP

A very stylish and useful bronze candle lamp has been wired for electricity. The quality of the bronzing and the attention to detail, as well as the splendid model that Classic Chairs has copied, the original of this Restoration period candle lamp has the same cast foliate capitals and cusps as well as the acanthus draped tripod lion's paw feet standing on double concave sided bases. Probably made by Thomas Messenger of Birmingham and London.

Model : LT-PKCL-BL

Dimensions (cm) : Dia34 h70

Materials : -

Finished : MT-03 Antique brass dark
