CLASSIC 5 PILLAR DINING TABLES

The Classic Chairs Company makes an authentic range of solid wood dining tables suitable for the most elegant of dining rooms or the boardroom. These early Regency tables are the most sought after because they are so versatile and comfortable. The absence of a leg at each corner, and more legs with the longer table makes for easy seating. The central pillars lend a lighter, more buoyant, look. Adding or removing leaves, to adjust the length of the table, is simple and quick. Tables can be custom made any length to special order.
