GEORGIAN TRAY ON SQUARE OR FOLDING STAND

This is an inexpensive Georgian tray of the Chippendale period with delicately shaped edges and comfortable hand holes together with accurately made dovetail joints. Made entirely from solid hardwood in exactly the same way as the original, it can be used with the lower stand as illustrated for use as a coffee table or with the higher folding X stand, most often used as a serving or drinks table. The X stand (model XS) or low stand (Model SS) can be supplied separately to allow one tray to be used on both stands.
