THE CLASSIC QUARTETTO TABLE

Beautifully made from solid rosewood, hand finished, polished and waxed, the Classic Chairs' set of 4 tables will prove more durable and stable than their antique counterparts. Unlike other modern reproductions of nesting tables, our model is all mortised and tenon jointed, with dovetail joints to secure the tops. There are no screws or dowels. The tables, diminishing in size, are made to slide inside each other. The use of solid rosewood in the construction gives stability and allows for slender columns. A raised cock beading around three sides of each of the table tops gives a practical and decorative detail to the tables.
